DRAGON QUEST

Can you defeat the dragon in this game?
Read the rules below, then mark the way you need to go on this video-game-inspired map.

Rules

You have three lives to reach the dragon's castle. Pick up magic eggs on your way and record them in the 'egg-cyclopedia' on the right. You can only use the spells and tools they contain once, after you've collected them.

Don't stray from the path, but you can go back on yourself if you need to.

Egg-cyclopedia

Fill in the circles next to the eggs here as you collect them. Then, cross out each one once you've used it.

			
Silencing spell	Lumberjack saw	Sleep spell	Violin
			
All-powerful charm	Walk on water	Regain a life	Food rations

 Lose a life

Fill in each circle until you've lost all three.

Draw the pattern of the egg you use each time.

A slime troll crawls out from under the bridge. Put it to sleep using one of your eggs.

Can you cut your way through this forest?

You'll need to use one of the magic eggs to cross this deep water.

You wake a sleeping banshee. If it screams any louder, it'll deafen you...

To reach the egg behind this eagle, you'll have to distract it with some food.

Did you pick up the all-powerful charm? You'll need it to defeat the dragon.
